About This Game

Ord. is a tiny text adventure.

Embark on a quest to defeat an evil warlock and find yourself confronted with a series of (more or less) serious decisions. Death is just one choice away, but do not worry - next time will be different. You can try again. And again.

- Fast-paced storytelling.
- Multiple endings.
- Lots of secrets.

Ord. will only initially release in English. We are looking into localisation.

Title: Ord.
Genre: Adventure, Casual, Indie, RPG, Strategy
Developer:
Mujo Games, Stuffed Wombat
Publisher:
Mujo Games
Release Date: 5 Jun, 2019

7ad7b8b382
